Surface Cleaning

Biosan all-purpose cleaner, concentrate

Concentrated, alkaline all-purpose cleaner and powerful grease remover. Biosan acts quickly and thoroughly against crud and grease on all surfaces. Ideal for daily cleaning of ovens, extractor hoods, tables, floors, etc.. Dilutable from 1:5 to 1:500.

Set-canister including tap and spraying bottle.

Art.-Nr. 1000100 » 10,1kg-canister Art.-Nr. 1002000 » 200kg-barrel

Wisch & Wasch multi-purpose cleaner

Wisch & Wasch is a pH-neutral multi-purpose cleaner that can be used for many different applications: wiping tables, countertops and floors as well as washing dishes by hand. Its powerful grease removing properties make it ideal for washing up cooking utensils, cutlery and tableware.

Art.-Nr. 1040050 » 5kg-canister

Krustlöser

Highly alkaline special cleaner for the thorough removal of burned organic residues. Ideal for removing crusts in ovens and fat baking devices, as well as on material or equipment made of stainless steel. Not suitable for use on aluminum and non-ferrous metals. Dilutable to 1:3.

Art.-Nr. 1090040 » 4x 1000ml bottle Art.-Nr. 1090120 » 12 kg-canister

Glass cleaner

Economical cleaner for glass, mirrors and smooth surfaces. Cleans efficient and quickly, provides brilliant shine without polishing. Perfectly qualified for professional cleaning of bigger areas as well as fast cleaning of counters, store windows, mirrors and tables. Prevents dusting with its antistatic effect.

Art.-Nr. 1060100 » 10,1kg-canister

Floor cleaner non-foaming

Floor cleaner is a non-foaming, neutral cleaner with excellent cleaning and care properties. Suitable for cleaning all water-resistant floors and other surfaces, made of stone, wood, plastic. Perfectly suitable for use in floor-cleaning machines.

Art.-Nr. 1070100 » 10,1kg-canister Art.-Nr. 1072000 » 220kg-barrel

Freezing cell cleaner

Easy-to-use cleaning product for freezing cells, cold storage areas and deep-freezers. This product has to be applied pure, then it solves frozen and sticky dirt. After application the mix of cleaner and dirt can be wiped with a wiping cloth or by a floor cleaning machine.

Art.-Nr. 1080100 » 10,1kg-canister

Fungosan

Alkaline detergent for textile surfaces and walls. Ideal for thorough cleaning of fermenting materials, ceilings and walls in the food industry. Fungosan cleans the treated surfaces and brightens them visually.

Art.-Nr. 5100100 » 10,1kg-canister

bionic Organic Cleaning Products

bionic hand dishwashing detergents

Highly effective multi-purpose cleaner with excellent capacity of grease removal and skin protection. For washing up cutlery, tableware and utensils, also suitable for cleaning tables, chairs and other lightly dirty surfaces. Combines very good cleaning results with largest possible environmental protection. Contains organic surfactants made of sugar.

Art.-Nr. B010100 » 12kg-canister

bionic glass cleaner

Organic, economical cleaner for glass, mirrors and similar surfaces. Cleans efficient and quickly, provides brilliant shine. Perfectly qualified for professional cleaning of bigger areas as well as fast cleaning of counters, store windows, mirrors and tables. Made with alcohol made of biomass.

Art.-Nr. B020100 » 10,1kg-canister

bionic multi-purpose cleaner

Concentrated multi-purpose cleaner and powerful grease remover. Acts quickly and thoroughly on fat, crud on all surfaces. Ideal for baking ovens, machines, tables, floors, etc. Dilutable from 1:5 to 1:250. Contains organic surfactants made of sugar.

Art.-Nr. B040100 » 12kg-canister

bionic sanitary cleaner

Powerful concentrated surface cleaner for the whole sanitary area, toilets and washing rooms. Makes water bead-up, removes lime scale deposits quickly and thoroughly. Dilutable from 1:5 to 1:200. Made of organic citric acid and lactic acid.

Art.-Nr. B060100 » 12kg-canister

bionic cleaning products made of natural ingredients

Resource conservation and environment protection are an affair of the heart for us – that's why we had an intense look on what nature provides us. bionic-products contain 100% natural ingredients and fulfil highest claims concerning environmental impact and biological degradability. Each bionic-cleaning-product connects environmental protection with efficiency and best cleaning results.

Professional Dishwashing Products

Dishwashing liquid **PLATINUM**

Dishwashing liquid **PLATINUM** is a liquid cleaner for perfect cleaning results on any ware. Ideal for glasses, coffee cups, cutlery, as well as baking utensils. Dishwashing liquid **PLATINUM** brings radiance for each ware, even with stubborn dirt. Coffee stains, starch, fat or protein are dissolved quickly and thoroughly.
